Section 105. Authorization of Bonds. The City has heretofore determined that the total cost of the Project, including preliminary expenses, land and rights-of-way, engineering expense, capitalized interest during construction, legal and administrative costs, publication costs, initial deposits required and all incidental expenses, will not exceed \$3,740,000. The Current Bonds shall be dated as of the date of delivery to the Purchaser thereof; shall bear interest from such date at such interest rate as may be fixed by supplemental resolution as a result of the advertised sale and competitive bidding for such Current Bonds, as hereinafter provided; and shall be issued and delivered as prescribed in Section 202 hereof.

Interest on the Current Bonds shall be payable semiannually on January 1 and July 1 of each year, provided that the first interest payment period will cover interest only from the date of delivery of the Current Bonds to the ensuing January 1 or July 1, as the case may be. Principal of the Current Bonds shall be payable on January 1 of each of the respective years until maturity, as set out in Section 201 hereof.

Section 107. Current Bonds Shall be Payable Out of Gross Revenues Subject to the Prior Bonds. The Current Bonds and any additional Parity Bonds that may be issued under the conditions and restrictions set forth hereinafter, shall be secured by and payable out of the gross revenues of the System, after providing only for the principal and interest requirements of the Prior Bonds.

Section 108. Lien on Contracts. In addition to the revenue pledge securing the Bonds, a lien is hereby created and granted in favor of the Bondowners on all contracts and on all other rights of the City pertaining to the System, enforceable by assignment to any receiver or other operator proceeding by authority of any court.

ARTICLE 2. THE BONDS; BOND FORM; PREPAYMENT.

Section 201. Principal Payments. Principal payments due on the Current Bonds shall be as set forth in the schedule of maturities set out in **Exhibit A** attached to this Ordinance and incorporated herein by reference.

Section 202. Issuance of Current Bonds; Bond Form. The Purchaser of the Current Bonds at the public sale thereof shall take delivery of the Current Bonds in the form of one or more fully registered bonds, as set forth in **Exhibit B** attached hereto and incorporated herein by reference, amounting in the aggregate to the principal amount of the Current Bonds authorized herein, maturing as to principal as set out in Section 201 above. The Current Bonds shall be numbered R-1 and consecutively upward thereafter. Such Current Bonds shall, upon appropriate execution on behalf of the City as prescribed herein, constitute the entire bond issue herein authorized, shall be negotiable (subject to registration requirements as to transferability), and payable as to principal and interest to the registered Owner.

Section 203. Place of Payment and Manner of Execution. Both principal of and interest on the Current Bonds shall be payable at the place and in the manner set out in the form of such Current Bond. The Current Bonds shall be executed on behalf of the City by the manual or facsimile signature of the Mayor, with the Corporate Seal of the City affixed thereto and attested by the manual or facsimile signature of the City Clerk.

If either of the officers whose signatures appear on the Current Bonds ceases to be such officer before delivery of said Current Bonds, such signatures shall nevertheless be valid for all purposes the same as if such officers had remained in office until delivery.

Section 204. Provisions as to Prepayment. Except when all of the Current Bonds are held by the Government, principal maturities falling due prior to January 1, 2030, shall not be subject to prepayment. Principal maturities falling due on and after January 1, 2030, shall be subject to prepayment by the City on any date falling on and after January 1, 2029, at par plus accrued interest, without any prepayment penalty.

So long as the registered owner of the Current Bonds is the United States of America, or any agency thereof, the entire principal amount of the Current Bonds, or installments in multiples of \$100, may be prepaid at any time in inverse chronological order of the installments due. Prepayments or extra payments on the Current Bonds shall, after payment of interest, be applied to the installments last to become due thereunder and shall not affect the obligation of the City to pay the remaining installments in accordance with the Current Bonds.

**ARTICLE 3. CONSTRUCTION ACCOUNT; INTERIM FINANCING;
APPLICATION OF PROCEEDS; ARBITRAGE LIMITATIONS.**

Section 301. Construction Account; Application of Proceeds of Bonds; Other Transfers and Deposits. The Treasurer, or such other City official as shall be designated by the Governing Body, shall be the custodian of all funds belonging to and associated with the System. All moneys in excess of the amount insured by the FDIC in the Construction Account shall be secured by the Depository Bank in accordance with U. S. Treasury Department Circular No. 176. The officials of the City entrusted with the receipt and disbursement of revenues of the System shall be covered by a fidelity bond in the amount of not less than \$75,000 (the "Fidelity Bond"), or such larger amount as the RD may require, which Fidelity Bond shall be effective and secured by a surety company approved by the RD so long as it is owner of any of the Current Bonds. The RD and the City shall be named co-obligees in such Fidelity Bond and the amount thereof shall not be reduced without the written consent of the RD. Whenever sums in the Funds shall exceed \$75,000, the Fidelity Bond shall be increased accordingly as requested by and with the approval of the RD.

A. Covenants Applicable if RD Purchases Current Bonds. It is acknowledged that all covenants herein with reference to the necessity for approval of the RD, the necessity of observing RD regulations and procedures and the necessity of using RD forms (the "RD Forms"), shall apply only if the RD is the Purchaser of the Current Bonds and only so long as the RD holds the Current Bonds thereafter. In the event that the RD shall not be the Purchaser of the Current Bonds, or, after purchasing same, shall sell or transfer the Current Bonds to an Owner who shall not be the Government, all covenants herein with reference to the necessity for approval of the RD, the necessity of observing RD regulations and procedures, and the necessity of using RD Forms, shall not be applicable.

B. Application of Proceeds of Current Bonds. The proceeds of the Current Bonds shall be applied as follows:

(1) Payment of Interim Financing, Costs of Project and Costs of Issuance. Simultaneously with the delivery of the Current Bonds, there shall immediately be paid to the Interim Lender (or the RD if Multiple Advances are made) an amount sufficient to pay principal of and interest on any temporary loans borrowed by the City in anticipation of the sale and delivery of the Current Bonds and/or of the receipt of Grant Proceeds. Also, at the time of delivery of the Current Bonds, there shall be paid all amounts then due and payable in connection with the costs of the Project and in connection with the issuance of the Current Bonds.

(2) Construction Account. If and to the extent that the proceeds of the Current Bonds shall be in excess of the amount necessary to pay the interest, principal and costs referred to in subparagraph B(1) of this Section, such excess amount shall immediately be deposited in the "City of Falmouth Water and Sewer System USDA Construction Account" hereby created, which shall be established at the Depository Bank. There shall also be deposited in said Construction Account the Grant Proceeds, as and when received,

or said Grant Proceeds may be applied, to the extent necessary, to liquidate or reduce any interim financing owed by the City at the time of receipt of Grant Proceeds.

(3) Withdrawal of Funds From Construction Account. Prior to the expenditure by the City of any moneys from the Construction Account, the City must obtain written approval from the RD as to such expenditures, if the RD is the Owner of any Outstanding Bonds. The proceeds of said Construction Account shall be withdrawn only on checks signed by the Mayor, the Treasurer (or by such other official of the City as may be authorized by the Governing Body), provided such official shall be covered by the Fidelity Bond required by Section 301 of this Ordinance, in payment for services and/or materials supplied in connection with the Project, as evidenced by (1) a Requisition Certificate and (2) invoices and/or partial payment estimates bearing the written approval of the Engineers and the Mayor (or by such other official of the City as may be authorized by the Governing Body), and which invoices and/or partial payment estimates must have been reviewed and approved for payment by the designated RD official.

Written approval or certification of the Engineers shall not be required for matters not under the jurisdiction of the Engineers, such as legal fees, land acquisition and related items.

During construction, the City shall disburse Construction Account funds in a manner consistent with RD Instruction 1780.

The City shall prepare and submit any and all RD Forms required by the RD. Periodic audits of the City's Construction Account records shall be made by RD as determined by it to be necessary.

(4) Transfer of Capitalized Interest to Current Sinking Fund. There shall be transferred from the Construction Account from time to time, as needed, an amount sufficient to provide for capitalized interest (initially estimated at \$20,355) during the construction of the Project, as approved by the Engineers and by the RD. If and to the extent not theretofore expended in paying interest on interim financing and if and to the extent then needed to pay interest during the remaining period of construction of the Project, such amount so transferred from the Construction Account shall be deposited in the Current Sinking Fund.

(5) Investment of Funds in Construction Account. Pending disbursement of amounts on deposit in the Construction Account, all such funds, or such portion of said amounts on deposit in said Construction Account as is designated by the Governing Body, shall be invested for the benefit of such Construction Account in Certificates of Deposit, savings accounts or U.S. Obligations which may be converted readily into cash, having a maturity date prior to the date when the sums invested will be needed for costs of the Project (as determined by the Engineers, the Mayor and the RD), provided that to the extent that any amounts on deposit in said Depository Bank shall cause the total

deposits of the City in said Depository Bank to exceed the amount insured by the FDIC, the same shall be continuously secured by a valid pledge of U.S. Obligations, having an equivalent market value, in conformity with Section 66.480 of the Kentucky Revised Statutes. Investments in Certificates of Deposit or savings accounts may be made only in such Certificates or accounts of an FDIC bank. Any such investments will be a part of the Construction Account, and income from such investments will be credited to the Construction Account. All such investments shall be subject to the limitations set out in Section 303 hereof.

(6) Statements of Contractors, Engineers and Attorneys as to Payment. Prior to the delivery of the Current Bonds, if the RD is the Purchaser of the Current Bonds, the City will be required to provide the RD with statements from the Contractors, Engineers and attorneys for the City that they have been paid to date in accordance with their contract or other agreements and, in the case of any Contractor, that he has paid his suppliers and subcontractors. Any exceptions must be authorized under RD Instruction 1780.

(7) Disposition of Balance in Construction Account After Completion of Project. When the Project has been completed and all construction costs have been paid in full, as certified by the Engineers for the City and/or by the RD, any balance then remaining in the Construction Account may, with the consent of the RD, be applied to the cost of constructing additional extensions, additions and improvements to the System (the "Additional Construction"). If such Additional Construction is to be undertaken by the Contractors previously engaged in the Project, such Additional Construction may be authorized by a change order.

If there is a balance remaining in the Construction Account after such Additional Construction, such balance (subject to legal requirements as to possible refund of any allocated portion of the balance derived from Grant Proceeds) shall be transferred to the Current Sinking Fund, whereupon said Construction Account shall be closed. Such remaining balance in the Construction Account so transferred to the Current Sinking Fund shall be used by the City immediately to prepay principal installments due on the Current Bonds in the inverse order of maturities without prepayment penalty, provided further that any balance insufficient to prepay at least \$100 of the principal payment falling due in any year on the Current Bonds will be transferred to the Debt Reserve Fund.

Section 302. Interim Financing Authorization.

A. Interim Financing. The City shall use interim financing for the Project during construction of that portion of the cost of the Project financed by the Current Bonds, if available at reasonable rates and terms.

The borrowing of up to the aggregate sum of \$2,055,000 from the Interim Lender is hereby authorized; and the Mayor is hereby authorized to execute the Note in the name and on behalf of the

City. Each advance under the Note shall evidence a loan by the Interim Lender to the City for services rendered and/or materials supplied in connection with the Project, as evidenced by a Requisition Certificate.

Interim financing shall be disbursed as follows:

(1) At the direction of the City, the Interim Lender shall disburse the proceeds of the Note by cashier's checks directly to the parties entitled thereto as set forth in the Requisition Certificate; or

(2) At the direction of the City, the Interim Lender shall deposit the proceeds of the Note in the Construction Account, in which event amounts of the City on deposit therein shall, until expended to the extent that same shall exceed the amount insured by the FDIC, be fully secured by a pledge of U.S. Obligations.

The aggregate of the principal amount of all Notes shall not exceed \$2,055,000. Each Note which is renewed or superseded shall be simultaneously cancelled by the Interim Lender and transmitted to the Treasurer. The rate of interest applicable to each Note shall not exceed a reasonable rate, which rate is subject to the approval of the RD.

The total authorized interim financing of \$2,055,000 shall be the maximum indebtedness which the City may owe at any one time to the Interim Lender for the purpose of providing temporary construction financing for the Project; provided, however, that the City may reduce the amount owed by the City to the Interim Lender from time to time as and when funds are available to the City, whether derived from the proceeds of the Grant Proceeds, the proceeds of the sale of the Current Bonds or otherwise, and may reborrow from the Interim Lender additional amounts in anticipation of the further receipt by the City of additional proceeds from the Current Bonds and/or Grant Proceeds.

The City hereby covenants and agrees with the Interim Lender that upon the issuance and delivery of the Current Bonds and/or the receipt of said Grant Proceeds, the City will apply the proceeds thereof, to whatever extent may be necessary, in payment of the principal amount of the Note, together with accrued interest thereon to the date of such payment; and the proceeds of the Current Bonds and Grant Proceeds are hereby pledged therefor, and such pledge shall constitute a first and prior charge against said proceeds.

Although the proceeds of the Current Bonds and Grant Proceeds are pledged to the repayment of said interim financing, it is recognized that the Grant Proceeds may be applied to the extent required at the time of receipt of the Grant Proceeds, to the payment of costs of the Project due and owing by the City at the time of receipt of such Grant Proceeds, rather than to the repayment of portions of the interim financing at that time. If and to the extent that the Grant Proceeds are in excess of any costs of the Project due and owing at the time of receipt thereof, such Grant Proceeds may be applied, in the same manner as set out hereinabove, to the reduction of the amount of the interim financing, after which, such interim financing may again be increased as theretofore. The

City further pledges the revenues of the System to the repayment of said interim financing, subject to the vested rights and priorities of the pledges securing the Outstanding Bonds.

It is understood that the foregoing constitutes an alternative method of obtaining interim financing, and does not preclude the authorization and sale, by public advertisement or otherwise, of bond anticipation notes and/or grant anticipation notes to the most favorable bidder on the open market, by concurrent or subsequent proceedings of the City.

B. Multiple Advances by RD. In the event the Current Bonds are purchased by the RD, and in the event the City is unable to obtain a commitment for interim financing for the Project from any Interim Lender at reasonable rates and terms, the Mayor is authorized to request Multiple Advances of loan funds from the RD.

If the RD agrees to make Multiple Advances to the City pending the delivery of the Current Bonds, the Mayor is hereby authorized to execute in the name and on behalf of the City any number of Notes. Each such Note, evidencing an advance of funds by the RD to the City, shall be in the form prescribed by the RD.

Each request for an advance from the RD shall be accompanied by a Requisition Certificate. The City will also furnish to the RD, prior to the receipt of each Multiple Advance, whatever additional documentation shall be requested by the RD, including an updated supplemental title opinion of Local Counsel and an updated supplemental preliminary legal opinion of Bond Counsel.

The proceeds of any Multiple Advances shall be either (i) disbursed directly to the parties entitled thereto for services and/or materials supplied in connection with the Project or (ii) deposited into the Construction Account and disbursed in accordance with the provisions of Section 301 hereof, in which event amounts on deposit in such Construction Account shall, until expended, to the extent that same shall exceed the amount insured by the FDIC, be fully secured by a pledge of U.S. Obligations.

The proceeds of the Current Bonds are hereby pledged to the repayment of such Multiple Advances, and such pledge shall constitute a first and prior pledge against such proceeds. The City further pledges the revenues of the System to the repayment of said Multiple Advances, subject to the vested rights and priorities of the pledges securing the Outstanding Bonds.

Section 303. Arbitrage Limitations on Investment of Proceeds. The City covenants and certifies, in compliance with the Code, on the basis of known facts and reasonable expectations on the date of enactment of this Ordinance, that it is not expected that the proceeds of the Current Bonds will be used in a manner which would cause the Current Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code. The City covenants to the Owners of the Current Bonds that (1) the City will make no use of the proceeds of said Current Bonds which, if such use had been reasonably expected on the date of issue of such Current Bonds, would have caused such Current Bonds to be "arbitrage bonds" and (2) the City will comply with all of the requirements of the Code to whatever extent is necessary to assure that the Current Bonds shall not be treated as or constitute

"arbitrage bonds" and that the interest on the Current Bonds shall be excludable from gross income for Federal income tax purposes.

Prior to or at the time of delivery of the Current Bonds, the Mayor and/or the Treasurer (who are jointly and severally charged with the responsibility for the issuance of the Current Bonds) are authorized to execute such certifications as shall be required by Bond Counsel, setting out all known and contemplated facts concerning the anticipated construction, expenditures and investments, including the execution of necessary and/or desirable certifications of the type contemplated by Section 148 of the Code in order to assure that interest on the Current Bonds shall be excludable from gross income for Federal income tax purposes and that the Current Bonds will not be treated as "arbitrage bonds".

ARTICLE 4. FLOW OF FUNDS.

Section 401. Funds. There was heretofore created and established the following funds and accounts:

- (a) City of Falmouth Water and Sewer System Revenue Fund
- (b) City of Falmouth Water and Sewer System KIA Sinking Fund
- (c) City of Falmouth Water and Sewer System Operation and Maintenance Fund

There is hereby created and established the City of Falmouth Water and Sewer System USDA Sinking Fund and the City of Falmouth Water and Sewer System USDA Debt Reserve Fund.

All of the Funds shall be maintained with the Depository Bank so long as any Current Bonds remain outstanding subject to the right of the City to designate a different depository bank.

Section 402. Flow of Funds. All proceedings preliminary to and in connection with the issuance of the Prior Bonds, including provisions made for (i) the receipt, custody and application of the proceeds of the Prior Bonds; (ii) the operation of the System on a revenue-producing basis; (iii) the segregation, allocation and custody of the revenues derived from the operation of the System; (iv) the enforcement and payment of the Outstanding Bonds and (v) the depreciation of the System; and all other covenants for the benefit of Bondowners set out in the Prior Bonds, are hereby ratified and confirmed and shall continue in force and inure to the security and benefit of the Outstanding Bonds, the same as if such provisions and proceedings were set out in full herein; provided, further, that after the issuance of the Current Bonds, the income and revenues of the System shall be collected, segregated, accounted for and distributed as follows:

A. Revenue Fund. The City covenants and agrees that it will continue to deposit in the Revenue Fund, promptly as received from time to time, all revenues of the System, as same may be extended and improved from time to time. The moneys in the Revenue Fund shall continue to be used, disbursed and applied by the City only for the purpose and in the manner and order of priorities specified in connection with the Prior Bonds, as hereinafter modified by this Ordinance, all as permitted by the Act, and in accordance with previous contractual commitments.

B. Prior Sinking Fund. There shall be transferred from the Revenue Fund and deposited into the Prior Sinking Fund on or before the 20th day of each month, for payment of interest on and principal of the Prior Bonds, a sum equal to the total of the following:

- (1) A sum equal to one-sixth (1/6) of the next succeeding interest payment to become due on all Prior Bonds then outstanding, plus
- (2) A sum equal to one-twelfth (1/12) of the principal of all of the Prior Bonds maturing on the next succeeding principal payment date.

Said Prior Sinking Fund shall be used solely and only and is hereby pledged for the purpose of paying the principal of and interest on the Prior Bonds.

C. Current Sinking Fund. At or after the time that the Current Bonds have been delivered, there shall be transferred from the Construction Account into the Current Sinking Fund an amount sufficient (currently estimated at \$20,355) to provide for capitalized interest during the construction of the Project, if and to the extent not theretofore expended in paying interest on interim financing and if and to the extent then needed to pay interest during the remaining period of construction of the Project.

After the monthly transfers required in the preceding paragraphs have been paid from the Revenue Fund, there shall next be transferred monthly from said Revenue Fund and deposited into the Current Sinking Fund on or before the 20th day of each month, for payment of interest on and principal of the Current Bonds, a sum equal to the total of the following:

- (1) An amount equal to one-sixth (1/6) of the next succeeding six-month interest payment to become due on the Current Bonds then outstanding, plus
- (2) A sum equal to one-twelfth (1/12) of the principal of any Current Bonds maturing on the next succeeding principal payment date.

The Current Sinking Fund is hereby pledged for the payment of the interest and the principal of the Current Bonds, but subject to the vested rights and priorities of the Prior Bonds.

D. Debt Reserve Fund. It is hereby determined that upon the issuance of the Current Bonds, and upon completion of the Project, as certified by the Engineers and by the RD, there shall next be transferred from the Revenue Fund the sum of at least \$635 each month which shall be deposited into the Debt Reserve Fund until there is accumulated in such Debt Reserve Fund the sum of at least \$76,200, which amount shall be maintained, and when necessary, restored to said sum of \$76,200, so long as any of the Current Bonds are outstanding and unpaid. These deposits are in addition to any deposits required to be made in connection with the Prior Bonds.

As further security for the Bondowners and for the benefit of the City, it has been and is hereby provided that in addition to the monthly transfers required to be made from the Revenue Fund into the Debt Reserve Fund, there shall be deposited into said Debt Reserve Fund all proceeds of connection fees collected from potential customers (except the amounts necessary to pay the actual costs and service connections applicable to said potential customers) to aid in the financing of the cost of future extensions, additions and improvements to the System, plus the proceeds of any property damage insurance (not otherwise used to replace damaged or destroyed property); and any such amounts or proceeds so deposited shall be used solely and only for the purposes intended.

Moneys in the Debt Reserve Fund may be withdrawn and used by the City, upon appropriate certification of the Governing Body, for the purpose of paying the cost of unusual or extraordinary maintenance, repairs, renewals and replacements not included in the annual budget of current

expenses and/or of paying the costs of constructing future extensions, additions and improvements to the System which will either enhance its revenue-producing capacity or will provide a higher degree of service, and when necessary, for the purpose of making payments of principal and interest on the Bonds if the amount on deposit in the Sinking Fund is not sufficient to make such payments.

E. Operation and Maintenance Fund. There shall next be transferred monthly from the Revenue Fund and deposited into said Operation and Maintenance Fund, sums sufficient to meet the current expenses of operating and maintaining the System. The balance maintained in said Operation and Maintenance Fund shall not be in excess of the amount required to cover anticipated System expenditures for a two-month period pursuant to the City's annual budget.

F. Monthly Principal and Interest Payments if Requested by RD. So long as any of the Bonds are held or insured by the RD, the City shall, if requested by the RD, make the payments required by this Section 402, in monthly installments to the RD or to the insured Owners of the Bonds.

G. Surplus Funds. Subject to the provisions for the disposition of the income and revenues of the System as set forth hereinabove, which provisions are cumulative, and after paying or providing for the payment of debt service on any subordinate obligations, there shall be transferred, within sixty days after the end of each fiscal year, the balance of excess funds in the Revenue Fund on such date, to the Debt Reserve Fund for application in accordance with the terms of this Ordinance or to the Sinking Fund to be applied to the maximum extent feasible, to the prompt purchase or redemption of Outstanding Bonds.

H. Investment and Miscellaneous Provisions. All monies in the Sinking Fund and the Debt Reserve Fund shall be deposited in the Depository Bank, or such portion thereof as is designated by the Governing Body. All monies in the Sinking Fund and the Debt Reserve Fund shall be invested for the benefit of such respective Funds in Certificates of Time Deposit or savings accounts of the Depository Bank or in U.S. Obligations which may be converted readily into cash, having a maturity date prior to the date when the sums invested will be needed for the purposes for which such funds may be expended, provided that to the extent that any amount of the City on deposit in the Depository Bank shall cause the total deposits of the City in said Depository Bank to exceed the amount insured by the FDIC, such excess amount shall be continuously secured by a valid pledge of U.S. Obligations, having an equivalent market value, in conformity with Section 66.480 of the Kentucky Revised Statutes.

Any investments will be a part of the respective Funds from which the proceeds invested are derived, and income from such investments will be credited to such respective Funds. All investments of funds derived from proceeds of the Outstanding Bonds shall be subject to the applicable limitations set out in Section 303 hereof.

All payments into the Funds shall be made on or before the twentieth (20th) day of each month, except that when the twentieth (20th) day of any month shall be a Saturday, Sunday or a legal holiday, then such payment shall be made on the next succeeding business day.

All monies held in any of the Funds shall be kept apart from all other City funds and shall be deposited in the Depository Bank, and all such deposits which cause the aggregate of all deposits of the City therein to be in excess of the amount secured by FDIC, shall (unless invested as herein authorized) be secured by a surety bond or bonds or by a pledge of U.S. Obligations, having a market value equivalent to such deposit.

The Treasurer shall keep appropriate records as to payment of principal and interest installments and as to payment of principal of and interest on any Bonds.

Section 403. Current Bonds are Subordinate to the Prior Bonds. It is hereby certified and declared that the Current Bonds shall be subordinate to the lien and pledge of the Prior Bonds on the gross revenues of the System.

ARTICLE 5. COVENANTS OF CITY.

Section 501. Rates and Charges. The City shall charge such rates and charges for all services and facilities rendered by the System, which rates and charges shall be reasonable, taking into account and consideration the cost and value of the System, the cost of maintaining, repairing and operating same and the amounts necessary for the payment of principal of and interest on Outstanding Bonds against the System. The City shall charge such rates and charges as shall be adequate to meet the requirements of Articles 4 and 5 hereof.

The City covenants that it will not reduce the rates and charges for the services rendered by the System without first filing with the City Clerk a certification of an Independent Consulting Engineer that the annual net revenues (defined as gross revenues less operating expenses) of the then existing System for the fiscal year preceding the year in which such reduction is proposed, as such annual net revenues are adjusted, after taking into account the projected reduction in annual net revenues anticipated to result from any such proposed rate decrease, are equal to not less than 120% of the average annual debt service requirements for principal and interest on all of the then Outstanding Bonds payable from the revenues of the System, calculated in the manner specified in Section 603 hereof.

Section 502. Books and Accounts; Audit. The City shall maintain proper records and accounts relating to the operation of the System and the City's financial affairs; and the Bondowners, or their authorized representatives, shall have the right at all reasonable times to inspect the facilities of the System and all records, accounts and data relating thereto. An annual audit shall be made of the books and accounts pertinent to the System by a Certified Public Accountant licensed in Kentucky. No later than ninety (90) days after the close of each Fiscal Year, copies of such audit reports certified by such Certified Public Accountant shall be promptly mailed to the RD without request, so long as the Government is the Owner of any of the Bonds, and to any Bondowner that may have made a written request for same.

Monthly operating reports shall be furnished to the RD and to any Bondowner requesting same, during the first two years of operation after completion of the Project, and whenever and so long as the City is delinquent in any of the covenants set out in this Current Bond Ordinance. Thereafter, quarterly operating reports shall be furnished at all other times to the RD and to any Bondowner requesting the same.

Section 503. System to Continue to be Operated on Fiscal Year Basis; Annual Budget. While any of the Bonds are outstanding and unpaid, and to the extent permitted by law, the System shall continue to be operated and maintained on a Fiscal Year basis.

Not later than sixty (60) days before the end of each Fiscal Year, the City agrees to cause to be prepared a proposed annual budget of operating expenses (the "Proposed Budget") of the System for the then ensuing Fiscal Year, itemized on the basis of monthly requirements. A copy of said Proposed Budget shall be mailed to any Bondowner who may request in writing a copy of such

Proposed Budget and to the RD without request, if the Government is the Owner of any of the Bonds.

For the purpose of the Proposed Budget, operating expenses shall include all reasonable and necessary expenses of operating, repairing, maintaining and insuring the System, but shall exclude depreciation and debt service payments. The City covenants that the operating expenses incurred in any year will not exceed the reasonable and necessary amounts therefor, and that the City will not expend any amount or incur any obligation for operation or maintenance and repair in excess of the amounts provided for operating expenses in the annual budget, except upon resolution by the City that such expenses are necessary to operate and maintain the System.

Not later than sixty (60) days before the end of each Fiscal Year, the City shall prepare an estimate of gross revenues to be derived from the operation of the System for said Fiscal Year, and, to the extent that said gross revenues are insufficient (a) to pay debt service requirements on all Outstanding Bonds during the ensuing Fiscal Year, (b) to accumulate and maintain all required reserves enumerated herein and (c) to pay operating expenses, the City shall revise the rates and charges sufficiently to provide the funds so required.

If the Owners of at least 50% of the principal amount of the Outstanding Bonds, or the Government so long as it is the Owner of any of said Outstanding Bonds, so request, the Governing Body shall hold an open hearing not later than thirty (30) days before the beginning of the ensuing Fiscal Year, at which time any Bondowner may appear by agent or attorney and may file written objections to such proposed budget. Notice of the time and place of such hearing shall be mailed at least fifteen (15) days prior to the hearing to each registered Bondowner and to the Government.

The City covenants that annually before the first day of the Fiscal Year, the annual budget for the upcoming Fiscal Year will be adopted substantially in accordance with the Proposed Budget, and that no expenditures for operation and maintenance expenses of the System in excess of the budgeted amount shall be made during such Fiscal Year unless directed by said City by a specific resolution duly adopted.

Section 504. General Covenants. The City, through its Governing Body, hereby covenants and agrees with the Owners of the Bonds that:

- (1) It will faithfully and punctually perform all duties with reference to the System required by the Constitution and laws of the Commonwealth of Kentucky;
- (2) It will make and collect reasonable and sufficient rates and charges for services and facilities rendered by the System;
- (3) It will segregate the revenues and income from the System and make application thereof consistent with and as provided by this Ordinance;

- (4) Unless the written consent of the Owners of a majority of the principal amount of the Outstanding Bonds has been obtained, the City agrees not to sell, lease, mortgage or in any manner dispose of any integral part of the System, including any and all appurtenances thereto and extensions, additions and improvements that may be made thereto, until all of the Outstanding Bonds shall have been paid or provided for in full, as provided herein; subject to the provisions of Section 607 hereof;
- (5) It will maintain in good condition and continuously operate the System and appurtenances thereto and will charge such rates and charges for the services rendered thereby so that the gross income and revenues will be sufficient at all times (i) to pay the interest on and principal of the Outstanding Bonds as same become due, (ii) to pay the cost of operating and maintaining the System, and (iii) to provide for an adequate depreciation account;
- (6) It will carry and maintain insurance on properties of the System subject to loss or damage in amounts and against hazards substantially in accordance with the practices of other districts, cities or corporations which own and maintain water and sewer systems under similar conditions; and so long as the Government is the Owner of any of the Outstanding Bonds, the Government will be listed as co-beneficiary on any such policy; and the City shall further comply with the insurance requirements of Section 506 hereof (involving insurance on motors, tanks and structures); and
- (7) It will, pursuant to Section 96.930-96.943 of the Kentucky Revised Statutes and other applicable legal provisions, cause rates and charges for sewer services provided by the System to be billed simultaneously with rates and charges for water service furnished to sewer customers by the System, and will provide that water service will be discontinued to any premises where there is a failure to pay any part of the aggregate charges so billed, including such penalties and fees for disconnection and/or reconnection as may be prescribed from time to time.

Section 505. Other Covenants Applicable So Long as RD Owns Any Bonds. So long as the RD shall own any of the Bonds, the City shall comply with such RD regulations, requirements and requests as shall be made by the RD, including the furnishing of operating and other financial statements, in such form and substance and for such periods as may be requested by the RD, the carrying of insurance of such types and in such amounts as the RD may specify, with insurance carriers acceptable to the RD and compliance with all of the terms and conditions of the Loan Resolution (RD Form 1780-27) adopted and executed by the City, which is hereby authorized, approved, ratified and confirmed.

Section 506. Civil Rights and Equal Opportunity. The City covenants and agrees to comply with all applicable Federal laws and statutes, including but not limited to:

(a) *Section 504 of the Rehabilitation Act of 1973.* The City acknowledges that under Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), no handicapped individual in the United States shall, solely by reason of their handicap, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving RHS financial assistance.

(b) *Civil Rights Act of 1964.* The City acknowledges that it is subject to, and its Facilities must be operated in accordance with, Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d *et seq.*) and Subpart E of Part 1901 of said Title VI, particularly as it relates to conducting and reporting of compliance reviews.

(c) *Americans with Disabilities Act (ADA) of 1990.* The City acknowledges that the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 *et seq.*) [the "ADA Act"] prohibits discrimination on the basis of disability in employment, state and local government services, public transportation, public accommodations, facilities, and telecommunications. Title II of the ADA Act applies to facilities operated by state and local public entities that provide services, programs, and activities. Title III of the ADA Act applies to facilities owned, leased, or operated by private entities that accommodate the public.

(d) *Age Discrimination Act of 1975.* The City acknowledges that the Age Discrimination Act of 1975 (42 U.S.C. 6101 *et seq.*) provides that no person in the United States shall, on the basis of age, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.

(e) *Limited English Proficiency (LEP) under Executive Order 13166.* The City acknowledges that LEP statutes and authorities prohibit exclusion from participation in, denial of benefits of, and discrimination under Federally-assisted and/or conducted programs on the grounds of race, color, or national origin. Title VI of the Civil Rights Act of 1964 covers program access for LEP persons. LEP persons are individuals who do not speak English as their primary language and who have a limited ability to read, speak, write or understand English. These individuals may be entitled to language assistance, free of charge. The City agrees to take reasonable steps to ensure that LEP persons receive the language assistance necessary to have meaningful access to RHS programs, services and information the City provides. These protections are pursuant to Executive Order 13166 entitled "Improving Access to Services by Persons with Limited English Proficiency" and further affirmed in the USDA Departmental Regulation 4330-005 "Prohibition Against National Origin Discrimination Affecting Persons with Limited English Proficiency in Programs and Activities Conducted by USDA.

Section 507. Insurance on Motors, Tanks and Structures. The City shall (a) immediately after the enactment of this Ordinance and (b) at the time of final acceptance of the Project, insure all electric motors, pumping stations and major structures of the System in an amount recommended by the Engineers and approved by the RD, so long as the RD is the Owner of any of the Bonds, for the hazards usually covered in such area, and shall similarly insure same in an amount recommended

by the Engineers, without the necessity of approval by the RD if and whenever the City has Outstanding Bonds against the System and none of such Outstanding Bonds are owned by the RD.

ARTICLE 6. INFERIOR BONDS AND PARITY BONDS.

Section 601. Inferior Bonds. Except as hereinafter provided in this Article, the City shall not, so long as any Bonds are outstanding, issue any additional bonds payable from the revenues of the System unless the security and/or pledge of the revenues to secure such additional bonds are made inferior and subordinate in all respects to the security of the Bonds.

The City expressly reserves the right at any time to issue its bonds or other obligations payable from the revenues of the System and not ranking on a parity basis with the Current Bonds, without any proof of previous earnings or net revenues, provided that the consent of the RD must be obtained prior to the issuance of any inferior bonds so long as the RD owns any of the Bonds, and provided further that, after the initial completion of the Project, such inferior bonds may be issued only for the purpose of providing for future extensions, additions and improvements to the System, and only in express recognition of the priorities, liens and rights created and existing for the security, source of payment and protection of the Outstanding Bonds; provided further, that nothing in this Section is intended to restrict or shall be construed as a restriction upon, the ordinary refunding of all or a portion of the Outstanding Bonds.

Section 602. Parity Bonds to Complete the Project. The City hereby certifies, covenants and agrees that in the event that the cost of completion of the construction of the Project shall exceed the moneys available to the City from any and all sources, the City shall have the right, if necessary, to provide for such excess, and only such excess, through the issuance of Parity Bonds, provided the City has obtained a certification from the Engineers to the effect that it is necessary to issue the desired amount of Parity Bonds in order to enable the City to pay the cost (not otherwise provided) of the completion of the Project, and provided the City has complied with the provisions of Section 603 below or has obtained:

- (a) the consent of the RD if the Government is the Owner of the Prior Bonds at that time or the consent of any other Owners of the Prior Bonds, and
- (b) the consent of (1) the RD if the Government is the purchaser of the Current Bonds or (2) the Owners of at least 75% of the principal amount of the Current Bonds outstanding, if the Current Bonds have been issued, sold and delivered and are held by Owners other than the Government.

Section 603. Parity Bonds to Finance Future Improvements. The City has reserved the right and privilege, and does hereby reserve the right and privilege, of issuing additional Parity Bonds, but only under the conditions specified in this Current Bond Ordinance, which conditions are as follows:

The City further reserves the right to add new sewer facilities and/or to finance future extensions, additions and improvements to the System by the issuance of one or more additional series of Parity Bonds to be secured by a parity lien on and ratably payable on a parity with the Current Bonds, from the revenues of the System, provided:

(a) The facilities to be constructed from the proceeds of the additional Parity Bonds are made a part of the System and their revenues are pledged as additional security for the additional Parity Bonds and for the Outstanding Bonds.

(b) The City is in compliance with all covenants and undertakings in connection with all of the Outstanding Bonds.

(c) The annual net revenues (defined as gross revenues less operating expenses), of the then existing System for the Fiscal Year preceding the year in which such Parity Bonds are to be issued, adjusted as hereinafter provided, shall be certified by an independent Certified Public Accountant to be equal at least one hundred twenty percent (120%) of the average annual debt service requirements for principal and interest on all Outstanding Bonds payable from the revenues of the System, plus the anticipated debt service requirements of any Parity Bonds then proposed to be issued. The calculation of average annual debt service requirements of principal and interest on the additional Parity Bonds to be issued shall, regardless of whether such additional Parity Bonds are to be serial or term bonds, be determined on the basis of the principal of and interest on such Parity Bonds being payable in approximately equal annual installments.

(d) The annual net revenues referred to above may be adjusted for the purpose of the foregoing computations to reflect:

(1) any revisions in the System's schedule of rates or charges being imposed on or before the time of the issuance of any such additional Parity Bonds, and

(2) any increase in the annual net revenues to be realized from the proposed extensions, additions and improvements being financed (in whole or in part) by such additional Parity Bonds;

provided all such adjustments shall be based upon and included in a certification of an Independent Consulting Engineer.

(e) Compliance with Section 603(a) through (d) shall not be necessary for the issuance of Parity Bonds if the City has obtained (1) the written consent of the RD for the issuance of such Parity Bonds, if the Government is the Owner of any Outstanding Bonds at the time of issuance of such Parity Bonds and (2) the written consent of the Owners of all of the then Outstanding Bonds, and no other prerequisite need be complied with by the City in order to issue Parity Bonds.

Section 604. Covenants to be Complied with at Time of Issuance of Parity Bonds. The City hereby covenants and agrees that in the event any Parity Bonds are issued, the City shall:

(a) Adjust the monthly amount to be deposited into the Sinking Fund on the same basis as that prescribed in the provisions establishing such Sinking Fund, to reflect the annual debt service requirements of the Parity Bonds;

(b) Adjust the minimum annual amount to be deposited monthly into the Debt Reserve Fund on the same basis as that prescribed in the provisions establishing such Debt Reserve Fund, taking into account the future debt service requirements of all Bonds which will then be outstanding against the System; and

(c) Make such Parity Bonds payable as to principal on January 1 of each year in which principal falls due and payable as to interest on January 1 and July 1 of each year until the final maturity of such Parity Bonds.

Section 605. Prepayment Provisions Applicable to Parity Bonds. If, in connection with any subsequently issued series of Parity Bonds, it is provided that excess revenues in the Revenue Fund shall be used to prepay Outstanding Bonds in advance of scheduled maturity, or if the City at its option undertakes to prepay Outstanding Bonds in advance of scheduled maturity, it is agreed and understood, for so long as the Government owns any of the Outstanding Bonds, that no such prepayment will be effected without the approval of the RD.

Section 606. Consent of the RD Regarding Future Bonds. Notwithstanding any other provisions of this Ordinance, the City agrees that so long as the Government owns any Outstanding Bonds against and/or payable from the revenues of the System, the City will not issue any future bonds, notes or other obligations against, secured by or payable from the revenues of the System without the written consent of the RD.

Section 607. Priority of Lien; Permissible Disposition of Surplus or Obsolete Facilities. The City covenants and agrees that so long as any of the Bonds are outstanding, the City will not sell or otherwise dispose of any of the facilities of the System, or any part thereof, and, except as provided above, the City will not create or permit to be created any charge or lien on the revenues thereof ranking equal or prior to the charge or lien of the Outstanding Bonds. Notwithstanding the foregoing, the City may at any time permanently abandon the use of, or sell at fair market value, any part of the facilities of the System, provided that:

- (a) The City is in compliance with all covenants and undertakings in connection with all of the Outstanding Bonds, and the required reserves for such Outstanding Bonds will have been accumulated;
- (b) The City will, in the event of any such sale, apply the proceeds to either (1) redemption of Outstanding Bonds in accordance with the provisions governing prepayment of bonds in advance of maturity or (2) replacement of the facility so disposed of by another facility, the revenues of which shall be incorporated into the System, as hereinbefore provided;

- (c) The City certifies, in good faith, prior to any abandonment of use, that the facilities to be abandoned are no longer economically feasible of producing net revenues; and
- (d) The City certifies, in good faith, that the estimated net revenues of the remaining facilities of the System for the then next succeeding Fiscal Year, plus the estimated net revenues of the facilities, if any, to be added to the System, comply with the earnings requirements hereinbefore provided in the provisions and conditions governing the issuance of Parity Bonds.

Notwithstanding any other provisions hereof, so long as any Bonds are held by the Government, the City shall not dispose of its title to the System or to any part thereof, without first obtaining the written consent of the RD.

ARTICLE 7. DEFAULT AND CONSEQUENCES.

Section 701. Events of Default. The following items shall constitute an Event of Default on the part of the City:

- (a) The failure to pay principal of the Bonds as and when same shall become due and payable, either at maturity or by proceedings for redemption.
- (b) The failure to pay any installment of interest on the Bonds when the same shall become due and payable or, if any or all of the Outstanding Bonds are owned by the RD, within 30 days thereafter.
- (c) The default by the City in the due or punctual performance of any of the covenants, conditions, agreements and provisions contained in the Bonds or in this Ordinance.
- (d) The failure to promptly repair, replace or reconstruct facilities of the System that have been damaged and/or destroyed.
- (e) The entering of any order or decree with the consent or the acquiescence of the City, appointing a receiver of all or any part of the System or any revenues thereof; or if such order or decree shall be entered without the acquiescence or consent of the City, its failure to have the order vacated, discharged or stayed on appeal within 60 days after entry.

Section 702. Consequences of Event of Default. Any Owner of the Current Bonds may enforce and compel the performance of all duties and obligations of the City set forth herein. Upon the occurrence of an Event of Default, then upon the filing of a suit by any Owner of the Current Bonds, any court having jurisdiction of the action may appoint a receiver to administer said System on behalf of the City with power to charge and collect rates sufficient to provide for the payment of operating and maintenance expenses and for the payment of principal of and interest on the Outstanding Bonds and to provide and apply the income and revenues in conformity with this Ordinance and with the laws of the Commonwealth of Kentucky.

The City hereby agrees to transfer to any bona fide receiver or other subsequent operator of the System, pursuant to any valid court order in a proceeding brought to enforce collection or payment of the City's obligations, all contracts, and other rights of the City pertaining to the System, conditionally, for such time only as such receiver or operator shall operate by authority of the court. Upon the occurrence of an Event of Default, the Owner of any of the Outstanding Bonds may require the governing body of the City by appropriate order to raise the rates a reasonable amount consistent with the requirements of this Ordinance.

**ARTICLE 8. CONTRACTUAL PROVISIONS; GRANT APPROVAL;
MISCELLANEOUS PROVISIONS.**

Section 801. Ordinance Contractual with Bondowners. The provisions of this Ordinance constitute a contract between the City and its Governing Body and the Owners of the Current Bonds as may be outstanding from time to time; and after the issuance of any of said Current Bonds, no change, alteration or variation of any kind of the provisions of this Ordinance shall be made in any manner which will affect an Owner's rights except as herein provided or except with the written consent of all Bondowners until such time as all of the Current Bonds and the interest thereon have been paid in full or fully provided for; provided that the Governing Body may adopt any resolution for any purpose not inconsistent with the terms of this Ordinance and which shall not impair the security of the Owners of the Current Bonds and/or for the purpose of curing any ambiguity, or of curing, correcting or supplementing any defective or inconsistent provisions contained herein or in any resolution or other proceedings pertaining hereto.

It is further agreed that the Owners of 75% in principal amount of the Current Bonds at any time outstanding shall have the right to consent to and approve the adoption of resolutions or other proceedings, modifying or amending any of the terms or provisions contained in this Ordinance, subject to the conditions that (a) this Ordinance shall not be so modified in any manner that may adversely affect the rights of the Owners of any of the Prior Bonds, nor in any manner that may adversely affect the rights of any certain Owners of the Outstanding Bonds without similarly affecting the rights of all Owners of such Outstanding Bonds, or to reduce the percentage of the number of Owners whose consent is required to effect a further modification and (b) no such change may be effected without the consent of the RD so long as the RD owns any of the Outstanding Bonds.

Section 802. All Current Bonds are Equal. The Current Bonds authorized herein shall not be entitled to priority one over the other in the application of the income and revenues of the System, or with respect to the security for their payment, regardless of the time or times of their issuance, it being the intention that there shall be no priority among any of the Current Bonds regardless of the fact that they may be actually issued and delivered at different times.

Section 803. City Obligated to Refund Current Bonds Owned by Government Whenever Feasible; Defeasement Prohibited. So long as the Government is the Owner of any of the Current Bonds, if it appears to the Government that the City is able to refund such Current Bonds in whole or in part, by obtaining a loan for such purposes from responsible commercial or private credit sources, or to sell bonds of the City in the open market, at reasonable rates and terms, the City will, upon request of the Government, obtain such loan and/or issue such bonds in sufficient amount to repay the Government and will take all such action as may be required in connection therewith.

In addition, so long as the Government is the Owner of any of the Current Bonds, the City shall not issue any bonds or other obligations for the purpose of defeasing or otherwise terminating

the lien of the Current Bonds without immediately prepaying all of the then outstanding Current Bonds.

Section 804. Approval and Acceptance of RD Grant Agreement. The RD has agreed to make a grant to the City in the amount of \$685,000 (the "RD Grant") to supplement the proceeds of the Current Bonds in order to provide the total cost of the Project, and the RD has requested the City to approve, accept and execute RD Form 1780-12 (the "RD Grant Agreement"), setting out the terms and conditions upon which said RD Grant will be made. Said RD Grant Agreement is hereby approved, and the Mayor and the City Clerk are authorized to execute said RD Grant Agreement on behalf of the City. The Mayor and City Clerk are also authorized on behalf of the City to accept any and all other RD Grants offered to the City in connection with the Project and to execute any and all RD Grant Agreements and any other documents as may be requested by the RD in connection with RD Grants which have been and/or which may hereafter be approved for such Project.

Section 805. Approval and Acceptance of CDBG Grant Agreement. The Department of Housing and Urban Development (the "HUD") has agreed to make a grant to the City in the amount of \$1,000,000 (the "CDBG Grant"), to supplement the proceeds of the Current Bonds in order to provide the total cost of the Project, and HUD has requested the City to approve, accept and execute a certain CDBG Grant Agreement (the "CDBG Grant Agreement") setting out the terms and conditions upon which said CDBG Grant will be made. Said CDBG Grant Agreement is hereby approved, and the Mayor and the City Clerk are authorized to execute said CDBG Grant Agreement on behalf of the City. The Mayor and City Clerk are also authorized on behalf of the City to accept any and all other CDBG Grants offered to the City in connection with the Project and to execute any and all CDBG Grant Agreements and any other documents as may be requested by the HUD in connection with CDBG Grants which have been and/or which may hereafter be approved for such Project.

Section 806. Use of City Streets. The use of all City streets, highways, alleys and public ways for the construction and maintenance of the Project is hereby authorized, without the necessity of further permits, licenses or other certifications from the City.

Section 807. Authorization, Ratification and Confirmation of Approval and Execution of Various Documents. The Governing Body hereby authorizes, approves, ratifies and confirms the previous action of the officers of the City in approving and executing various documents related to the financing of the Project, including the following:

- (a) Legal Services Agreement with Bond Counsel.
- (b) Legal Services Agreement with Local Counsel.
- (c) Letter of Intent to Meet Conditions of RD Letter of Conditions (RD Form 1942-46).
- (d) Loan Resolution (RD Form 1780-27).

- (e) Agreement for Engineering Services with the Engineers.

Section 808. Authorization of Condemnation to Acquire Easements and/or Sites. In the event that (a) any necessary deeds of easement to allow construction of the Project over the property of any property owner or (b) any necessary deed to the necessary site of any sewer facility of the Project shall not be obtained through negotiation within 10 days after the date of enactment of this Ordinance and in the event that (1) such sewer lines cannot be located within the right-of-way of the State and/or County road involved, and/or (2) such sewer facilities cannot be located on a site already owned by the City, Local Counsel is hereby authorized and directed to file condemnation actions to obtain such necessary rights-of-way and/or sites forthwith, without further authorization or direction from the City or the Governing Body. Local Counsel is further directed to follow the same condemnation procedure in the event that it becomes necessary, through change orders, line extensions and/or errors in the location of property lines and/or property owners, to obtain additional easements, rights-of-way and/or sites for completion of the Project and whenever the necessary deed is not obtained by negotiation at least 10 days prior to the date on which construction is contemplated in the respective easement, right-of-way and/or site.

The City further approves the payment from the funds available therefor allocated to the costs of the Project to pay any judgment award, or compromise, determined by Local Counsel with the acquiescence of the Governing Body, toward the costs of such easements, rights-of-way and/or sites; provided, in each instance, that the payment of such funds to satisfy any judgment, award or compromise must first be approved by the RD; and the Governing Body further determines that if and to whatever extent the funds available from the proceeds of the financing contemplated by this Ordinance, shall be inadequate to pay any judgment, award or compromise amount for such easements, rights-of-way and/or sites, or if the City is unable to obtain the approval of the RD for any such payment, the Governing Body shall take all reasonably necessary actions, within the powers and authority of the Governing Body, to make such additional amount available from all other available City resources.

Section 809. Authorization to File Required Financing Statements. In the event that it is determined by Bond Counsel or Local Counsel that the City is required to file any financing statements under the Kentucky Uniform Commercial Code in order to perfect the pledge of the gross revenues of the City's System as security for the Current Bonds, Bond Counsel and/or Local Counsel are hereby authorized to prepare and file with the appropriate officials such financing statements as they deem necessary.

ARTICLE 9. SALE OF CURRENT BONDS.

Section 901. Sale of Current Bonds. The Current Bonds shall be offered publicly for sale upon the basis of sealed, competitive bids at such time as the Governing Body shall designate.

A suggested form of "Notice of Bond Sale", a suggested form of "Official Notice of Sale of Bonds" and a suggested form of "Bid Form", having been prepared in advance by Bond Counsel, and all of such documents having been found to be in satisfactory form, a copy of each is hereby ordered to be filed in the records of the City Clerk with the Minutes of the meeting at which this Ordinance is enacted. The Notice of Bond Sale shall be signed by the City Clerk and may be used for the purpose of publishing notice of the sale of the Current Bonds. Copies of such documents shall be furnished to any interested parties who may request same.

In the event that there is no bid or that all bids are rejected, the City may readvertise the sale pursuant to this Ordinance.

Section 902. Adjustment in Maturities, Prepayment Provisions and Other Dates if Delivery is Delayed. In the event that delivery of the Current Bonds authorized herein is delayed for any reason and the City, with the consent of the Purchaser of the Current Bonds, determines it is in the City's best interest to change the maturities, the applicable prepayment date or any other dates, the City may adjust the same by an Order of the Governing Body approving the adjustments.

ARTICLE 10. CONCLUDING PROVISIONS.

Section 1001. Covenant of City to Take All Necessary Action To Assure Compliance with the Code. In order to assure the Owners of the Current Bonds that such Current Bonds shall continue to be legal and that interest thereon will continue to be excludable from gross income for Federal income tax purposes and exempt from all Kentucky income taxation, the City covenants to and with the Owners of the Current Bonds to take the following action:

(a) The City will (1) take all actions necessary to comply with the provisions of the Code necessary to assure that interest on the Current Bonds will be excludable from gross income for Federal income tax purposes, (2) will take no actions which will violate any of the provisions of the Code, and (3) not use the proceeds of the Current Bonds for any purpose which will cause interest on the Current Bonds or on interim financing obligations, including, but not limited to the Note, issued pursuant to Section 302 hereof to become includable in gross income for Federal income tax purposes.

(b) The City hereby certifies that it does not reasonably anticipate that the total principal amount of "qualified tax-exempt obligations" within the meaning of Section 265(b)(3) of the Code which the City, or any subordinate entity of the City, will issue during the calendar year during which the Current Bonds are issued, will exceed \$10,000,000; and therefore the City hereby designates the Current Bonds and all interim financing obligations, including, but not limited to the Note, issued pursuant to Section 302 hereof as "qualified tax-exempt obligations".

(c) The City further certifies that the Current Bonds and any and all interim financing obligations of the City are not "private activity bonds" within the meaning of the Code.

(d) The City covenants and agrees that it will not issue, or cause any subordinate entity of the City to issue on the City's behalf, bonds or other obligations considered under the Code to be "tax-exempt obligations" (other than private activity bonds) in the aggregate principal amount in excess of \$5,000,000 during the calendar year in which the Bonds will be issued.

(e) The City covenants and agrees to comply with the rebate requirements on certain excess earnings imposed by Section 148 of the Code, and in the event it is determined by the City, upon the advice of Bond Counsel, that the Construction Account, or any other fund established hereunder, is subject to said rebate requirements and does in fact generate earnings from "non-purpose investments" in excess of the amount which said investments would have earned at a rate equal to the "yield" on the Current Bonds, plus any income attributable to such excess, the City covenants and agrees to rebate to the United States of America any such excess generated from such investments and remit such excess to the United States of America on or before five years from the date of issuance of the Current Bonds, and once every five years thereafter until the final retirement of the Current

Bonds; the last installment, to the extent required, to be made no later than sixty days following the date on which funds sufficient for the complete retirement of the Current Bonds are deposited with any escrow agent. The City further covenants to file any and all reports, if any, as may be required to be filed with the Government with regard to the liability or non-liability of the City as to any such rebate requirements and to maintain records in regard thereto for the period of time required by applicable Treasury regulations.

Section 1002. Severability Clause. If any section, paragraph, clause or provision of this Ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the remaining provisions of this Ordinance, which shall continue in full force and effect.

Section 1003. All Provisions in Conflict Repealed. All motions, resolutions and orders, or parts thereof, in conflict with the provisions of this Ordinance, are to the extent of such conflict hereby repealed. It is hereby specifically ordered and provided that any proceedings heretofore taken for the issuance of other bonds of the City payable or secured in any manner by all or any part of the income and revenues of said System or any part thereof, and which have not been heretofore sold, are hereby revoked and rescinded, and none of such other bonds shall be issued and delivered. The City covenants to correct by appropriate proceedings any required procedure previously taken invalidly.

Section 1004. Effective Date. This Ordinance shall take effect upon its enactment and publication by title and summary, as provided by law.

Introduced and given first reading on November 17, 2020.

Given second reading and enacted on December 1, 2020.

That the City of Falmouth (the "City"), acting by and through its City Council (the "City Council"), a home rule city in the Commonwealth of Kentucky for value received, hereby promises to pay to

the registered owner hereof, or to its registered assigns, solely from the fund hereinafter identified, the sum of

_____ DOLLARS (\$ _____),

on the first day of January, in years and installments as follows:

and in like manner, solely from said fund, to pay interest on the balance of said principal sum from time to time remaining unpaid, at the Interest Rate specified above, semiannually on the first days of January and July in each year, beginning with the first January or July after the date of this Bond, until said sum is paid, except as the provisions hereinafter set forth with respect to prepayment may be and become applicable hereto, both principal and interest being payable, without deduction for exchange or collection charges, in lawful money of the United States of America, at the address of the registered owner shown on the registration book of the City.

This Series __ Bond is issued by the City in the aggregate principal amount of \$2,055,000, consisting of \$1,660,000 of Series A Bonds and \$395,000 of Series B Bonds under and in full compliance with the Constitution and Statutes of the Commonwealth of Kentucky, including Chapters 58 and 82 of the Kentucky Revised Statutes (collectively the "Act"), and pursuant to a duly

enacted Bond Ordinance of the City authorizing same (the "Current Bond Ordinance"), to which Current Bond Ordinance reference is hereby made for a description of the nature and extent of the security thereby created, the rights and limitations of rights of the registered owner of this Bond, and the rights, obligations and duties of the City, for the purpose of financing the cost (not otherwise provided) of the construction of extensions, additions and improvements to the existing water and sewer system of the City (said existing water and sewer system, together with said extensions, additions and improvements, being hereinafter referred to as the "System").

This Bond is issued subject to the vested rights and priorities in favor of the owners of certain the outstanding Kentucky Infrastructure Authority loans to the City (collectively, the "KIA Loan"). Accordingly, this Bond, together with any bonds ranking on a parity herewith, is payable from and secured by a pledge of the gross revenues to be derived from the operation of the System, after providing for the requirements of the KIA Loan.

This Bond has been issued in full compliance with the Current Bond Ordinance and this Bond, and any bonds ranking on a parity therewith that may be issued and outstanding under the conditions and restrictions of the Current Bond Ordinance are and will continue to be payable from revenues which shall be set aside in a fund for that purpose and identified as the "City of Falmouth Water and Sewer System USDA Sinking Fund", created in the Current Bond Ordinance.

This Bond does not constitute an indebtedness of the City within the meaning of any constitutional or statutory provisions or limitations and is payable solely out of the revenues of the System. As provided in the Current Bond Ordinance, the City covenants that so long as any of the Current Bonds are outstanding, the System will be continuously owned and operated by the City as a revenue producing public undertaking within the meaning of the aforesaid Act for the security and source of payment of the Current Bonds and that the City will fix, and if necessary adjust, from time to time, such rates for the services and facilities of the System and will collect and account for the revenues therefrom sufficient to pay promptly the principal of and interest on the Current Bonds and all other bonds ranking on a parity therewith as may be outstanding from time to time, to pay the cost of operation and maintenance of the System and to provide for the depreciation thereof.

The City has reserved the right to issue additional bonds ranking on a parity as to security and source of payment with this Bond, if necessary in order to complete the aforesaid extensions, additions and improvements to the System and to finance future extensions, additions and improvements to the System, provided the City has met the requirements of the Current Bond Ordinance.

This Bond shall be registered as to principal and interest in the name of the owner hereof, after which it shall be transferable only upon presentation to the City Clerk of the City as the Bond Registrar, with a written transfer duly acknowledged by the registered owner or its duly authorized attorney, which transfer shall be noted upon this Bond and upon the registration book of the City kept for that purpose.

The City, at its option, shall have the right to prepay, on any interest payment date on and after January 1, 2029, in inverse chronological order of the installments due on this Bond, the entire principal amount of this Bond then remaining unpaid, or such lesser portion thereof, in a multiple of One Hundred Dollars (\$100), as the City may determine, at a price in an amount equivalent to the principal amount to be prepaid plus accrued interest to the date of prepayment, without any prepayment premium. Notice of such prepayment shall be given by certified mail to the registered owner of this Bond or its assignee, at least 30 days prior to the date fixed for prepayment. Notice of such prepayment may be waived with the written consent of the registered owner of this Bond.

So long as the registered owner of this Bond is the United States of America, or any agency thereof, the entire principal amount of this Bond, or installments in multiples of \$100, may be prepaid at any time in inverse chronological order of the installments due. Prepayments or extra payments on this Bond shall, after payment of interest, be applied to the installments last to become due hereunder and shall not affect the obligation of the City to pay the remaining installments in accordance with this Bond.

Upon default in the payment of any principal or interest payment on this Bond, or upon failure by the City to comply with any other provision of this Bond or with any provision of the Current Bond Ordinance, the registered owner may, at its option, institute all rights and remedies provided by law or by said Current Bond Ordinance.

It is hereby certified, recited and declared that all acts, conditions and things required to exist, happen and be performed precedent to and in the issuance of this Bond, do exist, have happened and have been performed in due time, form and manner as required by law, and that the face amount of this Bond, together with all other obligations of the City, does not exceed any limit prescribed by the Constitution or Statutes of the Commonwealth of Kentucky.
