ORDINANCES/RESOLUTIONS/MUNICIPAL ORDERS

Ordinance 2025:01 Before giving a second reading, Attorney Brandon Voelker began discussion by stating a copy of the Pendleton Co Planning and Zoning, Section 6-5 and 11-9 had been submitted for their review to point out the zoning ordinance already addressed the RV/camper issue. It was his opinion that doing the ordinance would be in direct conflict with the zoning ordinance. Section 11-9 addressed the penalty as a Class B Misdemeanor. After a brief discussion, Attorney Voelker recommended Council to sponsor a text amendment to the zoning ordinance to reflect the penalty section as a civil offense and allow Code Enforcement to manage the enforcement. Clerk Williams would advise Zoning Administrator Brian Thompson of discussion and plan accordingly.

Ordinance dies due to no action, will pursue through zoning.

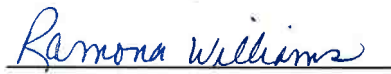

ORDINANCE 2025:2 Amending Code of Ordinances in order to update the City's Flood Insurance Rate Maps for the South Fork Licking River. An annual review necessitates changes to the wording as updated. Attorney Voelker gave 1st reading.
